Organizations, agencies or individuals may recommend new resources to be added to the NRD through the **Submit a Resource** page on NRD.gov. You will be taken to a page where you can enter the link address/URL, link title and link description for the new information you would like to see added to the site.

You can also submit an update to a resource currently listed on NRD.gov. If the resource is not currently listed on NRD.gov and you represent the organization that provides the resource you will be directed to review and fill out the **Self-Certification Form** that best fits your organization.

Once a suggestion has been submitted, the NRD staff will review the request and Self-Certification Form. If the suggested resource does not meet the above-mentioned criteria, the resource will not be added.
